Adult Social Care Services

**Complaints,
Compliments
and Comments**

West Berkshire
COUNCIL

Who can make a complaint to us?

- Any adult who currently receives or has received a service from West Berkshire Council. There is a separate process for children and young people complaints. If another organisation is involved, such as a care provider, we'll also include them.
- If you are complaining on behalf of someone who is unable to make the complaint themselves, then we will want to understand their view of the issues you are raising.

Understanding the process

The Complaints Manager is here to help you. They will explain the complaints process and what it can do for you. They will help you make your complaint, but talking to them does not mean you have to make a formal complaint.

Complaining about an independent provider

If your complaint is about an independent care provider you should complain first to the manager of that service. If you have not been able to resolve your problems and West Berkshire Council arranged your care service, you can use our complaints procedure.

How to make a complaint

We aim to provide the best service to you and we like to know when we are getting it right. We also recognise that at times things can go wrong. When they do, we want to put things right quickly and use the experience to improve our services for the future. Please note we cannot investigate complaints that are 12 months or over, or complaints that have already been through the complaints process.

Your complaint can be submitted in writing, or talk to us using the contact details at the end, or register your complaint online.

There are 3 stages to the process

1

You should speak to your Care Worker or Manager responsible for the service you are unhappy with. They will try to sort out any mistake or misunderstanding straight away and resolve your complaint informally.

2

If we have been unable to resolve your complaint informally:

- we will acknowledge receipt of your formal complaint within 3 working days
- we will agree with you how your complaint will be handled and agree a timescale for a response

3

We will provide a written response to your complaint telling you what we found out and any further action that is needed.

If you are not happy with our initial response:

- we will discuss it with you and listen to what you have to say
- we will work with you to find a resolution

We will then send you our final response.

Still not satisfied

If you are not satisfied once we have completed our investigation you can ask the Local Government and Social Care Ombudsman (LGSCO) to look at your case. They are completely independent of the Local Authority and the Government. They will not usually take on a case which has not been through our complaints process. Anyone who funds their own care, including those using a direct payment, also has the right to refer their complaint to the LGSCO.
