The West Berkshire Directory is an online community directory which brings together information about groups, organisations, services and activities, and signposts to local help.

This enables people to find solutions to help themselves, and their family members to live safe and independent lives, keep active, socially connected, and to source care and support.

<https://directory.westberks.gov.uk/>

If you don't have access to a computer to view the directory, please call 01635 503306 and a printout of what you need can be posted to you.

If you require a booklet to be posted to you, or in an
alternative format or translation,
please contact Adult Social Care on
01635 503050 or email adultcare@westberks.gov.uk

Section 1: Who are Carers?

Many people do not think of themselves as carers. Recognising yourself as a carer is the very first step to getting the support you may need.

- Carers are people who look after relatives or friends who, because of disability, illness or old age, cannot manage at home without help.
- Some people choose to become a carer, while others have no choice.
- Carers do not necessarily live with the person they assist and may be a considerable distance away.
- Some carers are children who are caring for a parent or family member as well as going to school.
- Anyone may become a carer, at almost any age.

Seeing yourself as a carer is a way of acknowledging that you are doing a job, one that can be both difficult and demanding. Caring can easily become a full-time responsibility.

Unlike a paid job, being a carer does not include breaks or holidays, but this doesn't mean you need them less or are any less entitled to them. You should never feel guilty about asking for the support you deserve and need because you have accepted the role of a carer.

As a carer your life may be taken over by your caring responsibilities and put a strain on relationships. It is important to share some of the care, as dedicated caring (maybe for up to 24 hrs a day) causes a build-up of stress and anxiety for the person doing the caring. It may be difficult to cope with your job, or other members of your family, or to see friends because you are a carer. Caring is tough work and we so easily forget about our own wellbeing.

It is important to try to have a break from being a carer, even if it is only for an hour or two a week, to do something you want to do. Carers must recognise that they have needs as well as the person they care for.

Section 2: Help for Carers from West Berkshire Council

Caring for someone at home can be challenging, especially if they are housebound or have limited mobility. You don't have to manage alone - support is available.

If you're feeling overwhelmed, it can help to talk to someone you trust, like a friend, relative, GP, or nurse. You might also benefit from joining a carers' group to share experiences and get advice. Often, the best support is ensuring the person you care for receives the help they're entitled to.

Carer Assessment

Support for Unpaid Carers in West Berkshire

If you offer unpaid care or assistance to an adult aged 18 or over living in West Berkshire - whether they're a relative, friend, or someone else - you may be entitled to support.

Understanding Your Needs as a Carer

An online self-assessment form is available to help identify your support needs as a carer. This form gathers information from individuals providing informal care to someone living in West Berkshire who may need help with day-to-day activities.

You can complete the assessment yourself, or someone else may complete it on your behalf - such as a family member, advocate, or professional.

Starting 12 August 2025, carers are now able to complete and submit a self-assessment online. To access the carers' self-assessment form, visit our webpage :

<https://www.westberks.gov.uk/carerssupport>

If you're unable to use the online form, either due to lack of access or confidence using a computer, alternative options are available to support you.

- Our Social Care Practitioner – Carers Assessments*, can speak to you on the phone and guide you through the form and complete it on your behalf. Also, the Reading and West Berkshire Carers Partnership (see page 7) can also provide this support; or
- You can request a paper copy of the form to be posted to you. You can then complete that by hand and post it back us. If you would like a paper copy, please call 01635 503050.

The person you care for is not required to be in receipt of a service from West Berkshire Council for you to be eligible for an assessment.

*Contact details for our Social Care Practitioner – Carers Assessments:
email: carersassessments@westberks.gov.uk Tel: 07483 414216

Preparing for a carer's assessment

A carer's assessment means we will look at your needs and how these have a significant impact on your wellbeing to see if you are entitled to any services that could make caring easier for you. The assessment is an opportunity for you to tell the council what impact caring has on you, it is not a test of your caring abilities. Therefore, it may be a good idea to make a list of everything you do to look after the person you care for.

Some things you may want to think about are:

- do you get enough sleep?
- can you leave the person you are looking after?
- is your health affected by caring?
- are you worried about having to give up work?
- do you get enough time to yourself?

You might also include how caring affects you because of your health, age, work or studies, and any other activities or commitments.

If you submit either the online self-assessment form, or complete the paper copy and send it to us, our Social Care Practitioner – Carers Assessments will go through the details you have provided and discuss ways in which you may be supported. This discussion may be on the phone or in person. This can be carried out at your home or at the home of the person you are caring for. The conversation is about **you**, and the person you care for does not need to be present. You can ask a friend or relative to be with you, if you want to. If there is more than one carer providing regular necessary care in your household, you are all entitled to an assessment.

Support that may be available

Support may begin with a conversation about you, giving you information and signposting to advice, activities, or local support services available in the community.

We'll also explore your strengths and the support available from your family or wider network. Together, we'll find ways to maintain or improve your wellbeing and ensure you get the help you need.

Support might include:

- **Home adaptations or equipment** to make daily life easier.
- **A one-off carer's payment** for something specific—such as funding an activity to give you a break from caring, or purchasing something for your home to support your role.
- **A carer's personal budget** (usually a direct payment) to help you take a break from caring. This could be used for help with housework, or to pay someone to stay with the person you care for while you rest, meet friends, or enjoy a hobby.

The **Carer's Assessment** focuses on your needs and wellbeing as a carer. To receive a personal budget or one-off payment, we must first determine if you meet the **Eligibility Criteria**, which is explained in the next section.

If your circumstances change and you need more support, you can request a reassessment at any time.

Eligibility criteria

[The Care and Support \(Eligibility Criteria\) Regulations 2014ⁱ](#) set out a national eligibility threshold. This means that there's a level of need at which we will offer support. This is set by the government so it's the same wherever you live.

There are three criteria, all of which must be met for a carers needs to be eligible for support.

Eligibility is based on identifying:

1. Whether the carer's needs for support arise because they are providing 'necessary' care to an adult
2. Whether the carer's physical or mental health is either deteriorating or at risk of doing so or the carer is unable to achieve at least one of the following outcomes:
 - carrying out responsibilities for a child

- caring for others
- maintaining a habitable home
- managing/maintaining nutrition
- developing/maintaining family or other personal relationships
- engaging in work, leisure, training, volunteering, education
- making use of necessary or recreational facilities
- engaging in recreational activities

3. Whether the impact of the carer's inability to achieve one or more of the above has a significant impact on their wellbeing

West Berkshire Council can only give you support if you are assessed as having an eligible need.

Carers Support plan

The Social Care Practitioner will develop a 'carers support plan' with you based on your assessment and what you have told us of the person you care for. This plan should include the support and services you have been assessed as needing.

Paying for services

At present carers are not required to make a contribution for support services, and do not need to have a financial assessment. However, respite services from West Berkshire Council are chargeable. The individual who is being cared for, as the recipient of the respite service, may be charged for respite services depending on their financial assessment.

Finding Information for yourself online

You can access our online 'Find help with care and support' webpage <https://www.westberks.gov.uk/helpwithcareandsupport> to look for help (for you or the person you care for). Alternatively, the West Berkshire Directory may have the information you are looking for [West Berkshire Directory - Are you looking after someone?](#)

Transition from Children's Services

Where Children are receiving support services and they or their families believe that they will continue to need some level of support through adulthood the Council will assist to plan this 'transition' from childhood to adulthood. For all children, leaving full-time education is a major change and no less so for young people with particular needs. Services provided by Adult Social Care will necessarily be different from those provided within an educational framework and we would advise that parents and children engage with us at an early stage in order to understand whether an individual young person will be eligible for support when they reach the age of 18, and if so what level and type of support is likely to be available.

In order to initiate this discussion the starting point will be to **call the Contact Advice and Assessment Service (CAAS) on 01635 503090.**

Further information is available on the Special Educational Needs and Disabilities (SEND Local Offer) section of the [West Berkshire Directory - SEND Local Offer](#), <https://www.westberks.gov.uk/about-send-local-offer> and <https://www.westberks.gov.uk/adultcaretransition>

Additional information on **Moving from children's social care to adult's social care** is available on the NHS website <https://www.nhs.uk/conditions/social-care-and-support-guide/caring-for-children-and-young-people/moving-from-childrens-social-care-to-adults-social-care/>

Section 5: Assistive Technology / Technology Enabled Care (TEC), and Equipment

There is a wide range of devices and services available that can help to support people at home and in the community. They can provide reassurance to carers and reduce accidents and falls in the home, amongst other things.

Assistive Technology

Assistive Technology consists of 'stand-alone' pieces of equipment (not connected to a monitoring/response service) such as simple mobile phones, bath plugs that reduce the risk of scalding, remote control for electrical items in the home, automatic pill dispensers etc.

If memory loss is a problem, there are many devices that can help for example:

- alarm medication reminders

- digital clocks that can give voice recorded reminders to complete daily tasks.

The Alzheimer's Society have a range of useful products for someone with dementia:

<https://www.alzheimers.org.uk/get-support/staying-independent/equipment-adaptations-improvements-home>

View further details on Assistive Technology on the [West Berkshire Directory](https://directory.westberks.gov.uk) under 'Need help at home? Assistive technology' section. <https://directory.westberks.gov.uk>

Telecare

Telecare is a service often linked to an alarm system that triggers a warning at a control centre or to a pager held by a carer. This means that an alarm is responded to quickly. These options need either a family member/friend or a response service/emergency service to be able to respond when contacted by the control centre. Some examples:

- GPS trackers with in-built falls sensors that send alerts to a monitoring centre if a person falls or wanders outside of a pre-set geographical fence. These can be used at home and in the community
- chair or bed sensors linked to a pager - these make an alarm call to a carers pager when you get out of bed or your chair
- pressure mats with sensors and placed beside a bed, chair or by a door - these send an alert to a pager held by a carer if you get out of bed and don't return
- door sensors that can give a pre-recorded message to prompt a person to not leave the home
- a traditional wearable pendant alarm worn on a belt clip, lanyard or a wrist strap.

Both Telecare and Assistive Technology can be purchased privately.

You can also contact West Berkshire Council Adult Social Care for an assessment for Telecare by emailing adultcare@westberks.gov.uk or phoning 01635 503050. You may be referred on to our equipment provider for them to undertake a specialist assessment for the telecare equipment.

Alternatively, your local NHS may pay for a telecare system as part of a continuing healthcare or intermediate care package. This would be provided if the person you care for is eligible for continuing healthcare funding. [NHS continuing healthcare](https://www.nhs.uk/conditions/end-of-life-care/nhs-continuing-healthcare/)
<https://www.nhs.uk/conditions/end-of-life-care/nhs-continuing-healthcare/>

Telehealth - Telehealth typically involves electronic sensors and equipment that monitors vital health signs from home. This can mean fewer unplanned hospital or GP visits, and can significantly improve an individual's health and quality of life. If you think telehealth would be beneficial to you, please speak to your GP.

Smart home technology uses phone networks and internet connections to enable you to manage a person's wellbeing and independence. West Berkshire Council

Adult Social Care can arrange the loan of equipment to meet needs that are assessed for by an Occupational Therapist or a suitably trained member of the teams. Referrals are prioritised according to the risks identified so there may not be an immediate response to you, or you may be referred on to our equipment provider for them to undertake a specialist assessment for some equipment.

GP

You should inform your GP that you are a carer. Ensure you register your details with your GP. This helps your GP to be aware of your caring responsibilities and the potential impact on your own health and take account of your needs as a carer when trying to arrange appointment times that fit in with your caring responsibilities.

Section 6: Taking a break and Respite

All carers need to have time off to have a break from caring and sometimes you both need a break from each other - time to be your own person again. The break may be for a few hours, a few days, or longer periods on a regular basis. This is sometimes called 'respite' and sometimes 'replacement care'. Even if you do not want a break at this time, it's good to know what is available and how to arrange a planned or 'emergency' break.

Home Care Agencies and Personal Assistants

There is a list of home care providers and personal assistants you can contact to help on the [West Berkshire Directory](https://directory.westberks.gov.uk/). <https://directory.westberks.gov.uk/> Go to the Adults section,

choose filter 'Need Help at Home', then 'Home Care Providers' and/or Personal Assistants filters.

Crossroads Care Oxfordshire and West Berkshire

Crossroads is a charity providing Carer breaks to enable unpaid 24/7 carers to take a break of a couple of hours to eg, shop, meet friends, pursue an interest, entirely their choice, while a full trained Care Support Worker stays with the Cared-for in their home. These breaks are funded by West Berkshire Council though subject to availability. Extra hours can be purchased. Self-funders and holders of personal budgets are also invited to enquire about Crossroads Services. For all services a comprehensive assessment is carried out in the home to ensure the needs of the person being cared for are accommodated.

West Berkshire Council - Charging for replacement care (also referred to as respite care)

West Berkshire Council Adult Social Care will be able to advise on the options available to enable you to have a break and may also be able to provide some services such as a short break in a care home or regular day services.

West Berkshire Council will charge for these services based on the personal financial circumstances of the person to be cared for only, as they are the direct recipient of the services. Some service users pay the actual cost, others pay a proportion of the cost, and some make no financial contribution at all. You will be offered a financial assessment and advice about Welfare Benefits that may be available to you.

Section 7: Work

Caring for someone while working

Carers may be working when the need to care for someone comes about, and combining working and caring can be stressful. It's important to let your employer know. If you are thinking of leaving work, consider what alternatives there might be. Think about what you will be giving up, and whether you really want to lose it.

Many employers already offer schemes to help carers including information on caring, facilities and support groups in the local area, confidential counselling or welfare services. Others support informal networks of carers within their workplace.

Carer's Leave Act – On 6 April 2024 the Carer's Leave Act came into effect. The key points of the Act are:

- Employees are entitled to one week's unpaid leave per year if providing or arranging care for someone with a long-term care need.
- This leave can be taken flexibly (in half or full days) for planned and foreseen caring commitments.
- It is available from the first day of employment.

- It provides the same employment protections to employees as other forms of family-related leave, including protection from dismissal.

Details can be found on <https://www.carersuk.org/help-and-advice/work-and-career/the-carers-leave-act-2023/> and <https://www.gov.uk/carers-leave>

Flexible working and work life balance

If an employee is caring for someone (e.g. a child or adult) they have the legal right to ask for flexible working if they are an employee with 26 weeks (6 months) continuous employment at the time they make an application

<https://www.gov.uk/flexible-working>

Section 9: Young Carers

Help and advice for young carers in West Berkshire

Are you aged 5-18? Do you help look after someone in your family?

Young Carers

Young carers are children and young people under 18 who take on caring tasks and responsibilities within their family that most of us only do as adults. The term does not apply to the everyday and occasional help around the home that may often be expected of or given by children in families. The person you care for could be a parent, grandparent, a brother, sister or a family friend with a physical disability, a progressive disease, a mental health difficulty or a substance misuse problem.

West Berkshire Young Carers Project can help by linking you up with other young carers, providing support and giving you time out from caring.

Contacting the Young Carers team

A young carer can contact our friendly team directly to talk about how they can help.

A family friend concerned about a young carer can make initial contact on behalf of the young person. A GP, Care Manager or other professional can also make contact on your behalf.

01635 503090 Email: EarlyRHub@westberks.gov.uk

For further information visit West Berkshire Council's Young Carers web page:
<https://www.westberks.gov.uk/youngcarers>

Section 10: Guide to financial support

Allowances for carers and people with disabilities are a right and should not be thought of as charity. However, you will have to claim to receive all the money that you and the person you care for are entitled to. Not all benefits are means tested and carers should not be concerned about making a benefit claim.

Disability Living Allowance (DLA)

DLA is being replaced by Personal Independence Payment (PIP) for disabled people.

You can only **apply** for DLA if you're under 16. <https://www.gov.uk/disability-living-allowance-children>

You can apply for:

- PIP if you're aged 16 or over and have not reached [State Pension age](#)

Benefits / discounts to help with heating costs

Winter Fuel Payment - If you were born on or before 22 September 1959 you may be eligible (if you or your partner get certain benefits) for a Winter Fuel Payment to help towards heating costs. Most payments are made automatically in November or December. <https://www.gov.uk/winter-fuel-payment>

Cold weather payment – These are one-off payments to help you pay for extra heating costs when it's very cold for a set period of time. You may get a Cold Weather Payment if you're getting certain benefits or Support for Mortgage Interest. The scheme runs from November to March. <https://www.gov.uk/cold-weather-payment>
If you do not receive your Cold Weather Payment - Tell your pension centre or Jobcentre Plus office if you think you should have received a Cold Weather Payment but you have not.

Warm Home Discount – If you get the Guarantee Credit element of Pension Credit or you are on a low income and meet your energy supplier's criteria for the scheme, you may qualify. You may be able to apply directly to your electricity supplier for help if you do not get the Guarantee Credit element of Pension Credit. Helpline 0800 731 0214 <https://www.gov.uk/the-warm-home-discount-scheme/low-income>

In West Berkshire you may be eligible for a grant. You do not need to be in receipt of a benefit to apply, but where you are not in receipt of a benefit, they do need to ask about your household income. Residents looking to take advantage of these heating and insulation grants can call Heat the Home Counties on 01344 888 930, or visit the Heat the Home Counties website. <https://www.heatthehomecounties.org.uk/apply-now>

Housing Benefit & Council Tax Reduction

If you are on a low income and need financial help to pay your rent or council tax, you may be able to claim Housing Benefit and Council Tax Reduction. Most new claims for HB will now be made via universal Credit with DWP.

You may also get an extra discount if you are a carer. If you provide at least 35 hours of care a week for someone in your household, you may be able to get a separate discount on your Council Tax bill. The person you are caring for cannot be your spouse, partner or child. This discount can be made in addition to Council Tax Reduction. There is also a separate Council Tax reduction where certain facilities exist in the property for meeting the needs of a resident disabled person.

Lasting Power of Attorney (LPA)

An LPA is a legal document that allows someone, who **must have mental capacity**, to give another person the power to act on their behalf with regard to their property and financial affairs.

You can use the lasting power of attorney service to create an LPA online. It's easier and prevents many common mistakes.

<https://www.lastingpowerofattorney.service.gov.uk/home>

www.gov.uk/government/collections/lasting-power-of-attorney-forms

An LPA will only **become legal** once the person has lost their mental capacity and it has been **registered** with the Office of the Public Guardian. P.O. Box 16185, Birmingham B2 2WH customerservices@publicguardian.gov.uk

Appointeeship

This is about taking charge of paying bills and collecting benefits/pensions where the claimant is incapable of doing so themselves, for whatever reason, **but able to give their consent**.

West Berkshire Council's Deputyship Team can also give help and advice to West Berkshire residents that lack the capacity to deal with their own property and financial affairs. If you would like to request support from the Deputyship Team you will need to complete and sign a form.

Please note: the Deputyship Team will only become the legal deputy or appointee itself as a last resort, where there is no other appropriate person who can do so on behalf of the individual.

If you need help and advice, or you need to make a referral to the Deputyship Team, please Call 01635 503050. Information available on our 'Managing the finances of someone unable to do so themselves' webpage: <https://www.westberks.gov.uk/ascmanagingfinances>

Section 11: Property adaptations

You may find that your home or that of the person you are caring for is not appropriate or doesn't meet their needs.

West Berkshire Council's Adult Social Care teams will carry out a base line assessment of your needs and may recommend equipment for your home. If they assess that you need an adaptation, they will refer you to a Housing Occupational Therapist who will advise on what is 'necessary and appropriate' to meet your care needs and may recommend adaptations to your property. In extreme cases they may recommend a move to a more suitable property. They can advise about grants for adaptations and if you have bid on a property available through HomeChoice they can advise on its accessibility and suitability.

Contact Adult Social Care: Tel 01635 503050 email: adultcare@westberks.gov.uk

Disabled Facilities Grant (DFG)

Grants of up to £30,000 are available for work that's needed to help a disabled person live more independently in their own home. The grants are available whether you own your home or are renting. You may have to contribute towards the cost of the work needed unless you receive certain means-tested benefits, or the application is for a disabled child. If you can't afford your contribution, we can advise you on other options. An Occupational Therapist must recommend any adaptations that you may need.

To request an OT assessment contact Adult Social Care on 01635 503050. For further information regarding a DFG application contact the Home Improvement Officer on 01635 519680 <https://www.westberks.gov.uk/disabledfacilitiesgrants>

Discretionary Home Repair Assistance Grant (DHRA)

Discretionary Home Repair Assistance Grants (DHRAs) may be available for private tenants or home owners. They are intended to help eligible people carry out essential repairs to their home.

They are available up to a maximum of £5,000 per application. To be eligible, you must be in receipt of one means-tested or disability-related benefit, and have less than £5,000 to pay for adaptations or repairs. For further details contact the Home Improvement Officer on 01635 519680 <https://www.westberks.gov.uk/housinggrantspolicy>

Flexible Home Improvement Loan (FHIL)

A secured loan available for home owners aged 60 years or older to make your home warmer, safer or more secure. Contact the Home Improvement Agency Officer on 01635 519680 <https://www.westberks.gov.uk/housinggrantspolicy>

Sovereign Housing tenants

Sovereign may be able to install minor aids such as grab rails, lever taps or small ramps.

If you need a more complex adaptation an Occupational Therapist will need to assess what works are needed. Contact Disabled Adaptations Team on **0300 5000 926**

Coping with your feelings and dealing with other people's

Caring for someone with an illness can be very rewarding, but it can also be challenging and sometimes upsetting. You may feel resentment and guilt, and experience stress and depression. It is better to face your feelings than ignore them, as they may be causing you discomfort, and may get worse. Talking Therapies offer workshops, guided self help and Cognitive Behavioural Therapy (CBT). Tel 0300 356 2000 email: talkingtherapies@berkshire.nhs.uk <https://talkingtherapies.berkshirehealthcare.nhs.uk/>

Making decisions about future care

It is very important that people are given the choice to decide where they would like to be cared for at the end of their lives. They may want to consider how they would like to be cared for and where, the treatments available to them and what their preferences are. Visit [NHS UK's 'Planning ahead for the end of life' webpage](#) for helpful information. <https://www.nhs.uk/conditions/end-of-life-care/#planning-ahead-for-the-end-of-life>

ReSPECT (Recommended Summary Plan for Emergency Care and Treatment)

Royal Berkshire Hospitals NHS Foundation Trust has implemented ReSPECT, this is a process which allows people to have a say in the decision making process about the level of care that they would like to receive in an emergency, even if they are unable to make or express choices at that time.

The process involves a person and their health professional/s having a conversation about clinical aspects of the care and treatment a person would wish for if they became suddenly or seriously ill.

The ReSPECT process can be for anyone, but it is likely to be especially relevant to people with complex health needs, people who are likely to be nearing the end of their lives, and people who are at risk of sudden deterioration or cardiac arrest.

For more information, visit <http://www.respectprocess.org.uk> or email ReSPECT@royalberkshire.nhs.uk

The above information is available on the Royal Berkshire NHS Foundation Trust website:

What to do when someone dies

Step by step guide on what to do when someone dies. <https://www.gov.uk/when-someone-dies>

Death certificate

When a death occurs you need to obtain a death certificate from the GP concerned or the hospital doctor, should the death occur in hospital.

Registering a death

Although it may be a difficult time, registering the death is an important legal requirement. A death must be registered within 5 days of the death taking place. The death certificate needs to be taken to the Registrar of Births and Deaths:

West Berkshire: Shaw House, Church Rd, Newbury, RG14 2DR 01635 279233
<https://www.westberks.gov.uk/births-deaths-marriages>

Appointments can also be made to register a death in Hungerford.

Reading: Civic Offices, Bridge Street, Reading RG1 2LU

Call to book an appointment 0118 937 3533 <https://www.reading.gov.uk/life-events/deaths/>

Tell Us Once service - The Registrar will ask if you would like to use the 'Tell Us Once' service. You can use this service to help you tell most government and the local councils about the death and you won't have to send a copy of the death certificate in the post. Alternatively call the Department for Work and Pensions on 0800 085 7308 and speak to a Tell Us Once advisor. <https://www.gov.uk/register-a-death>

Funeral arrangements

The deceased may have left instructions in their will about funeral arrangements. It is therefore important to discover whether a will has been made. This may be lodged, for safe keeping, with the deceased's solicitor or bank.

If you receive low income benefit or tax credit, you may be able to get help with paying for a funeral. <https://www.gov.uk/funeral-payments/overview>

When you are no longer a carer

Everyone needs time to grieve, and it is very important to find emotional support at this time. Bereaved people need to talk, to express their feelings, and to grieve. Some GPs have counselling services that can help you with your feelings of loss following the long term care of a loved one. Other organisations include:

Support Groups

Cruse Bereavement Support

Free help to anyone who has been affected by a death. Because bereavement can often bring loneliness, Cruse friendship groups provide the opportunity to make friends.

Apps for Carers

Smartphone apps can help carers in all sorts of ways, there are medical apps, supportive apps, lifestyle apps and more to make your life a little bit easier. There many apps that you might find useful, but here is a small selection that may be helpful.

The **Jointly App** for Carers from Carers UK - makes caring easier, less stressful and more organised by making communication and coordination between those who share the care easy. Small one off joining fee. <https://www.carersuk.org/help-and-advice/technology-and-equipment/jointly-app-for-carers/>

My GP – free App developed by the NHS to help patients and their carers manage medication and GP and hospital visits. Also makes it easier to organise caring as you can

add children and elderly relatives to the app and arrange their appointments and prescriptions. <https://www.mygp.com/>

My House of Memories - free app is made for carers of people with dementia. Using pictures of objects from the past, it's a way of exploring memories and can be a great comfort to carer and cared-for alike. <https://www.liverpoolmuseums.org.uk/house-of-memories/my-house-of-memories-app>

Medisafe helps keep track of medications and sends reminders when it's time to take them. It offers peace of mind to you and whoever you're caring for. <https://medisafeapp.com/m/>
