Your relevant data will be entered into Department of Work and Pensions (DWP) and NHS systems as part of the process for assessing your eligibility.

In cases of suspected fraud your information may be passed to the police to conduct an investigation; there may be other circumstances where the council is required by law to share data with third party agencies.

Your legal basis for Processing

When you provide the data detailed above to the council with a view to applying for the self-isolation payment, the processing of your data then proceeds in order to test your eligibility and subsequently provide you with the funds you are eligible for.

As such, under the GDPR, the council is required to identify a legal basis for processing. In this case, your data is processed according to Article 6 (e) and Article 6 (f):

Article 6 e – “processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller;”

Article 6 f – “processing is necessary for the purposes of the legitimate interests pursued by the controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection of personal data, in particular where the data subject is a child.”

However, no individual is obliged to make an application for a Self-Isolation payment. Should you decide you don't want to provide your data, this will naturally affect our ability to provide you with the payment as the council will be unable to verify that you are eligible to receive it, or arrange for electronic transfer of the funds.

How long will your data will be kept?

Your data will not be kept any longer than necessary. You can check how long the organisation will keep each type of data against West Berkshire Council's retention schedule (www.westberks.gov.uk/retention).

Your data will be held on the Council's digital platform and will be protected using up-to-date technical and organisational security measures.

Transfer overseas

Your data will not be stored or sent outside of the UK.

Your rights

You have a number of rights when it comes to the data we hold about you. These are detailed on our request form (www.westberks.gov.uk/dprequest) that also allows you to make a request for us to take action about something.

If you've already told us we need to do something, but we haven't responded in a way you're satisfied with, you can complain to the Information Commissioner's Office (the ICO).
