

## A Kickstarter with a role in the Legal Services Team at West Berkshire Council had this to say:

*"After being out of work for a period of time, finding Kickstart was ideal for me. It is aimed at helping young people start or return to work by getting the experience they need to begin their future career. This was the help I needed to build up my confidence and work profile.*

*"The interview process was relaxed and put me at ease, yet very professional and informative. The interviewers were extremely helpful in explaining what would be expected from me and what I would be doing. They also offered me flexible working hours that helped fit around my needs/existing commitments.*

*"Since joining, the team have been amazing. They are very supportive and I've settled in well. My daily jobs so far involve scanning files, entering key legal dates, completing updates and helping with post. Alongside this, I will be completing further training.*

*"At the end of the 6 months, this role would have provided me with experience and new knowledge to add to my current CV. I'm hoping it will lead to a future position here at West Berkshire Council or alternatively an HR/Admin job role elsewhere."*
