

**WOKINGHAM
BOROUGH COUNCIL**

Application Number: 201002

Address:

To whom it may concern

We have considered application 201002, the proposed development of 49 dwellings.

The proposed site currently sits within the AWE DEPZ. The current off-site emergency plan for AWE would not be able to accommodate the increase in population in situations where an evacuation centre would need to be set up.

We believe this could also put a strain on emergency services in the event of an incident.

Based on the reasons stated, the Emergency Planning team object to this application.
