To whom it may concern

My name - Leo Hartley Russell
[REDACTED]

I wish to raise my objection to the proposed development in NE Thatcham outlined in the Local Plan Review.

There are plenty of issues with the plans that I find do not fit in with the surrounding area and think it would have a serious impact on the people who already live here as well as the environment.

Some pertinent points I will list below but it is not limited to these by any means

1. Increased road traffic
2. Damage to Bucklebury heathland
3. Overstretched GP practices
4. Overflowing schools

Thank you in advance for taking these into consideration.

Yours sincerely
Leo Hartley Russell
