James

According to our records, the number completed over the whole Green Park Village site (covered by several permissions) by 31 March 2022 was 507. A further 189 were completed during 2022-23, meaning a total of 696 by 31 March 2023. All of the remainder (total of 481) are now under construction.

STOP, THINK, before you CLICK links or OPEN attachments or REPLY.

Dear Sir/Madam,

I am undertaking some research into the number of completions at the Green Park Village site and would be grateful for your assistance.

Having reviewed the AMRs on the Council's website, I just wondered if you would be able to please confirm that the number of completions is 509 as at March 2022?

Additionally, I wondered whether you had any further information available on the number of completions as at March 2023 please?

I look forward to hearing from you.

Kind regards,

James
