RESIDENT BENEFITS:

- Access to a vehicle without the financial burden of ownership
- Access to vehicles across the UK
- Low hourly and daily rates
- Preferential membership options
- Zero vehicle maintenance responsibilities
- Mode of travel which compliments public transport
- Vehicles can be reserved in advance or at the last minute
- Dedicated Clubhouse team available 24/7

We've made the process simple so members can get where they need to go and worry less about how to get there.

1

Reserve

Head to your online app, discover your nearest car and then make a reservation either online, over the phone or via your free phone app. Reservations can be made in advance or right at the last minute, any time of the day or night.

2

Unlock & Go

Head to the vehicle at the reserved time, hold your clever membership card over the card reader on the windscreen and the car will unlock. Alternatively, use our intuitive app - just press the 'unlock' feature and it will open the vehicle.

During the initial one time application process, members will create a unique 4 digit pin - this is used once you're in the vehicle. Simply reach in to the glove box, take out the in-car computer, enter those four digits and take the keys.

3

Return

The vehicle is now yours to drive for the reserved time. Just remember to bring it back to the bay when you're done. If you find you need a little extra time you can extend the reservation from the vehicle itself, via the website, app or by calling us via the in-car handset.

Property Development Events

Once vehicles are in place, your dedicated account manager can work with you to hold events promoting the new on-site service to your residents.
